Suzuki's "Way of Life!" is the heart of our brand - every Suzuki vehicle, motorcycle and outboard motor is built to create excitement so customers can enjoy everyday life.

Way of Life!

Photo : BURGMAN 650 Executive

It rules.

BURGMAN.

The name is synonymous with two-wheel luxury.

For an entire generation of riders, BURGMAN has redefined the motorcycling experience. In ways once unimaginable, it has brought performance and comfort into alignment.

It has presented motorcyclists everywhere with new ways to think about the twin pursuits of pleasure and freedom.

Now make way for a BURGMAN 650.

Control has never come so freely.

Power has never flowed with such ease.

Every movement feels smooth and graceful.

Every street is yours for the taking.

The feeling is empowering.

On the open highway, the BURGMAN 650 cruises in a class of its own.

Such is the abundance of power at hand that your every destination feels near. It's exhilarating. And from the exhilaration is born inspiration.

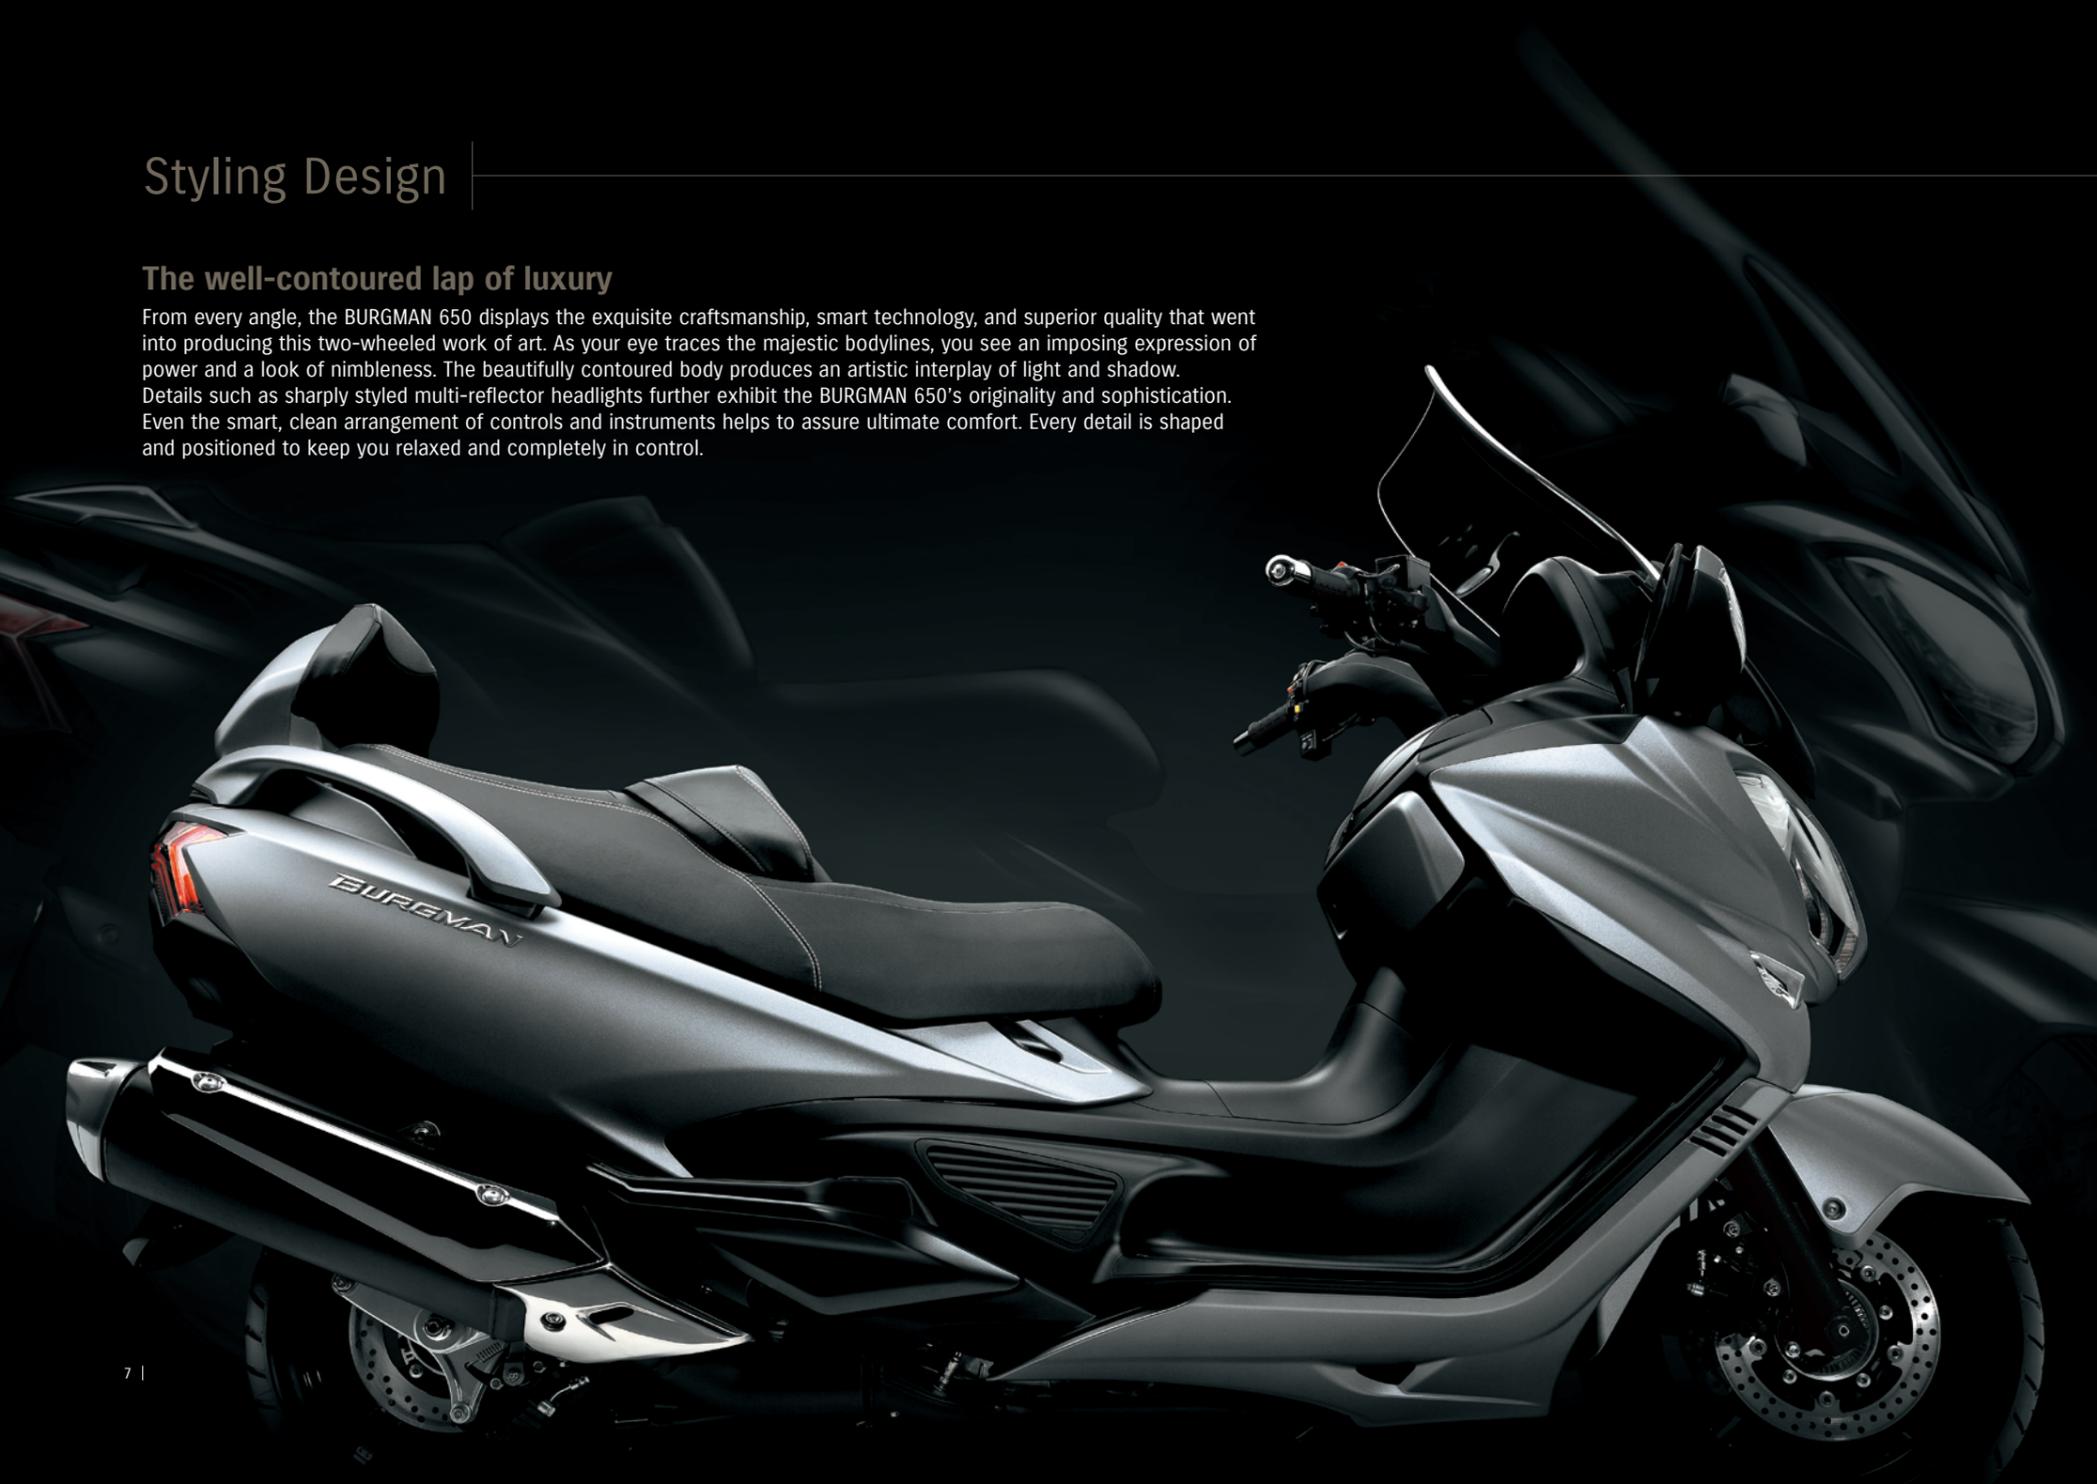

The ease with which you accelerate, downshift, and manoeuvre around traffic and through every backroad detour is a tour de force.

With surefootedness that inspires confidence and plush ride comfort that leaves you feeling sharp and relaxed long after you hit the road, the BURGMAN 650 empowers you to go much further.

Styling Design

The well-contoured lap of luxury

From every angle, the BURGMAN 650 displays the exquisite craftsmanship, smart technology, and superior quality that went into producing this two-wheeled work of art. As your eye traces the majestic bodylines, you see an imposing expression of power and a look of nimbleness. The beautifully contoured body produces an artistic interplay of light and shadow. Details such as sharply styled multi-reflector headlights further exhibit the BURGMAN 650's originality and sophistication. Even the smart, clean arrangement of controls and instruments helps to assure ultimate comfort. Every detail is shaped and positioned to keep you relaxed and completely in control.

Looking sharp

Slim, sharply styled multi-reflector headlights announce the BURGMAN 650's arrival and keep the road ahead in focus. They're both lit whether you choose high beams or low. Sparkling LED position lights help to heighten visibility, as do turn signals in the rearview mirrors.

Quality in view

Clean looks are synonymous with refinement. On the BURGMAN 650 they're exemplified by symmetry in the controls and instruments and by understated shapes and colors for everything the rider sees and touches.

*All lights and indicators are illuminated in the photo for illustrative purposes.

Rear refinement

Sparkling dual multi-reflector tail lights combine outstanding visibility with sophisticated styling that's unique to the BURGMAN 650.

Performance

Stay informed

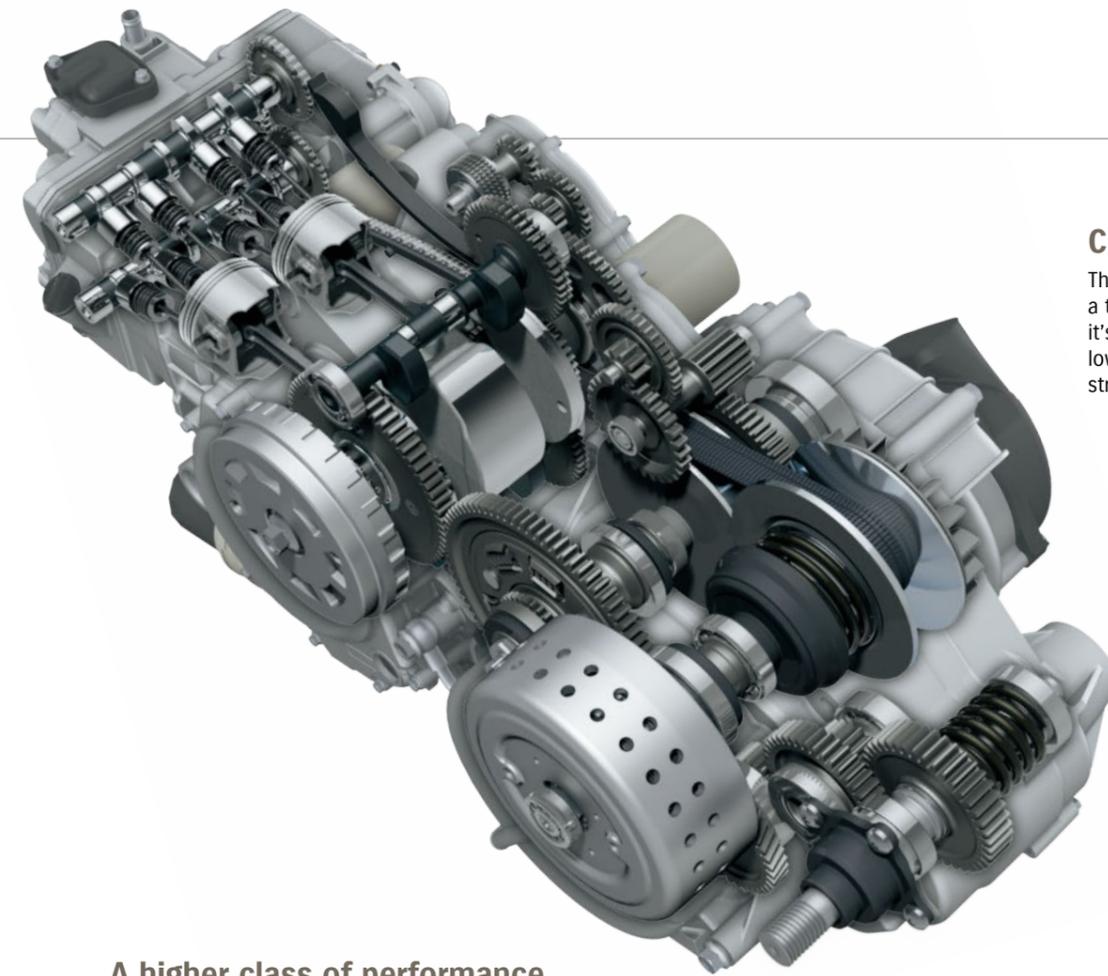

Knowledge is power, so the BURGMAN 650's instruments keep the rider fully informed. Big, easy-to-read analogue dials for the speedometer and tachometer flank a digital display that shows an odometer, twin trip meters, a fuel consumption meter, a fuel meter, a coolant temperature indicator, a thermometer, a clock, an oil level indicator, an oil change indicator, a drive mode indicator (for drive mode and power mode), and a gear position indicator (for manual mode).

*All lights and indicators are illuminated in the photo for illustrative purposes.

Eco Drive Indicator

The BURGMAN 650 features an Eco Drive Indicator to encourage riding that may reduce environmental impacts. The Eco Drive Indicator light, located on the instrument panel, will come on when the vehicle is operated in a fuel-efficient manner - and may help riders learn techniques to improve their fuel economy*.

*The Eco Drive Indicator does not automatically improve fuel economy but may help riders refine their riding efficiency and improve fuel consumption. Fuel consumption may vary depending on traffic conditions, such as the frequency of starts from stop, distance driven, rate of acceleration (throttle use), chosen speed, and maintenance.

A higher class of performance

The BURGMAN 650 delivers performance with as much control as you desire. A liquid-cooled 638cm³ engine offers all the power you need. Computerized fuel injection, a Pulsed-secondary AIR-injection (PAIR) system, and an O₂ feedback system with catalyzer boost fuel efficiency and minimize emissions. Refined transmission setting and reduced mechanical losses contribute to boost fuel economy even more. Meanwhile, superlative control comes from a Suzuki Electronically-controlled Continuously Variable Transmission (SECVT). By just toggling buttons on the handlebars, you can choose three distinct transmission modes: two fully automatic modes (Drive and Power) and Manual. Drive mode heightens efficiency at normal road speeds and gives smooth, linear, almost shock-free power delivery for easy riding.

Power mode gives more punch when you twist the throttle. And Manual mode lets you thumb-toggle between six preset gear ratios for a unique feeling of control.

Clean looks

The exhaust system is sleek thanks to a triangle-section muffler. And it's engineered to keep emissions so low that the BURGMAN 650 satisfies the stringent regulations.

Beautifully balanced

A tubular frame and aluminium-alloy swingarm position the engine and transmission for balance and agility. The frame inherits the long, 1585mm wheelbase of earlier Burgmans for a sporty, controllable ride and has a slimmer tail section for sleeker, sportier bodywork. Plenty of wheel travel (110mm at the front and 100mm at the rear) helps to keep the ride smooth.

Equipment

Room for everything

The BURGMAN 650 has room for plenty of gear. A cavernous, 50-litre underseat compartment can hold two full-face helmets and has a light for nighttime convenience. A cable lock allows you to secure a helmet outside the compartment to make space for luggage inside.

Three compartments below the handlebars provide space for maps and other items you might need on the road. One contains a DC outlet that's ideal for charging a mobile telephone.

Note

- Helmets and luggage items are shown for illustrative purposes only.
- Helmets of certain shapes may not fit in the underseat compartment.
- The weight limit for items in the underseat compartment is 10kg.
- The weight limit for items in the front compartments is 1.5kg.
- Do not use the storage compartments for items that are fragile, valuable, dangerous, or susceptible to heat.
- To prevent draining the battery, do not use the DC outlet under the engine stop or idling condition.

Powered convenience

The windscreen is shaped to give great wind protection and a clear view of the road. It's electrically adjustable to suit the rider's height. For convenience in tight parking spaces, the rearview mirrors can be retracted electrically at the touch of a button.

Adjustable comfort

The seat is optimally sized and thickly padded for two-up luxury even on long journeys. The rider's backrest can be adjusted forward and backward by 50mm for optimal support. No tools are necessary.

Advanced security

Security technologies help to protect your investment in the BURGMAN 650. The Suzuki Advanced Immobilizer System (SAIS)* uses an electronic identification system in the owner's key to prevent unauthorized people from starting the engine. Plus, the ignition switch is protected by a magnetic cover that opens only for the owner's key.

*Not available with North American specifications.

Brake

Stopping power

All-round disc brakes deliver reassuring stopping power. The front brakes have an advanced design with floating discs for more consistent braking performance.

Antilock controllability

An antilock braking system (ABS)* helps to maximize the rider's control by preventing the wheels from locking during hard brake application. The ABS unit weighs 55% less than that of the previous model.

*ABS is not designed to shorten the braking distance and cannot prevent wheel skidding caused by braking while cornering. Please drive carefully and do not overly rely on ABS.

Parking security

A lever-operated brake lock lever gives the rider extra peace of mind. The lever has a stylish design that makes it easier to reach and operate.

Executive Function

For even greater luxury during every ride, choose the Executive grade, which comes with three exclusive features.

Heated grips

Suzuki's attention to luxury extends even to the rider's hands. The handlebar grips incorporate electric heaters that can be controlled by the rider - a welcome source of warmth when temperatures drop below comfortable.

Seat heater

A flick of a switch located next to the ignition activates an electric seat heater for the rider and passenger. So cold winter days are no reason to feel less than comfortable when you're riding the most luxurious scooter on the road.

Passenger backrest

A great shared riding experience is assured by a backrest that firmly supports a passenger to provide comfort and a sense of security.

Specifications

		BURGMAN 650 Executive / BURGMAN 650
Overall length		2,265 mm (89.2 in)
Overall width		810 mm (31.9 in)
Overall height		1,420 mm (55.9 in)
Wheelbase		1,585 mm (62.4 in)
Ground clearance		125 mm (4.9 in)
Seat height		760 mm (29.9 in)
Curb mass		281 kg (619 lbs)
Engine type		4-stroke, 2-cylinder, liquid-cooled, DOHC
Bore × Stroke		75.5 mm × 71.3 mm (3.0 in x 2.8 in)
Displacement		638 cm ³ (38.9 cu.in)
Compression ratio		11.2 : 1
Fuel system		Fuel injection
Starter system		Electric
Lubrication system		Wet sump
Suspension	Front	Telescopic, coil spring, oil damped
	Rear	Swingarm type, coil spring, oil damped
Rake / Trail		25°25' / 103 mm (4.1in)
Brake	Front	Disc, twin
	Rear	Disc
Tire size	Front	120/70R15M/C 56H, tubeless
	Rear	160/60R14M/C 65H, tubeless
Ignition system		Electronic ignition (Transistorized)
Fuel tank capacity		15.0 L (4.0/3.3 US/Imp gal)
Oil capacity (Overhaul)		2.9 L (3.1/2.6 US/Imp qt)

*European Spec. shown

Seat of freedom.

To be sure, two wheels are practical. And touring the countryside is certainly fun.

But deep in your bones you know the real reason you ride: the promise of freedom.

The BURGMAN 650 lets you touch it.

All the inspiration you need sits here in this seat of freedom.

The easy ride says get comfortable and trace the arc of every whim.

You just need an open road.

The limits are beyond your imagination.
